

## Who We Are

We are a group brought together by our interest in wine – especially the wines of the Santa Clara Valley and the Santa Cruz Mountains. We'd like to know more about them, and we'd like other people to know more about them. We're also interested in preserving the rich history of wine making. Some of California's oldest wineries are still in existence producing superb wines.

## What We Do

Each month we schedule a wine oriented activity. Some of these involve visits to local wineries and tastings in support of the Santa Clara Valley and Santa Cruz Mountains' wine industry. We help non-profit organizations with volunteer assistance by pouring wine at their events. More ambitious projects to further knowledge and history of local wines will be undertaken as resources permit.

## Would You Like To Become A Member?

Memberships are now open to people who share our interests. Join us for wine seminars, wine tastings, picnics and dinners. Join us as we go deeper into Santa Clara Valley and Santa Cruz Mountains wines and wine history.

**We Invite You to be Part of the Fun.**
